

Piggotts Poultry Breeders

New this season from Piggotts Poultry Breeders

Introducing the Snowdrop
tinted egg layer

Our docile bird will produce up
to 355 delicately coloured golden
cream eggs with outstanding shell
strength and quality in its first
laying season

Bred to lay well in all conditions
the Snowdrop is particularly well
suited for free range and organic
systems and the domestic
poultry keeper.

*Order your day-old and point
of lay pullets now from;*
